

Central Energy Bursary

ABOUT THE BURSARY

The Trust awards approximately 15 bursaries each year.

Bursaries are awarded both for academic study and vocational study.

Each Bursary will be awarded for up to three years and have a value of up to \$4,000, with the period and amount dependent on the type and duration of study. 50% of the bursary is normally paid for the first year of study and the balance in equal instalments over the remaining period of the bursary.

Academic study is defined as an undergraduate degree course at Massey University, UCOL, or International Pacific College.

Vocational study is defined as study towards a degree, diploma or trade qualification at UCOL, Massey University, International Pacific College or an accredited Private Training Organisation and which is related to a qualification for a specified vocation.

Bursary candidates will be assessed based on a combination of factors including academic record, participation in cultural, sport or community activities, future leadership potential and financial need. A higher weighting on school academic performance will apply to applications for academic bursaries.

Bursary payments are made at the beginning of each academic year in February / March.

APPLICANT REQUIREMENTS

Applicants for the bursary must be New Zealand citizens or permanent residents, must reside in the Manawatu/Tararua region (the old CentralPower Electricity Trust Area) and be intending to reside and study in the Manawatu/Tararua region for the duration of their course of study. (See enclosed map)

Bursaries are reviewed annually and their continuation to the next study year is contingent on satisfactory academic progress and personal standards being maintained.

Applications will only be considered from students entering their first year of tertiary study in 2012.

Applications must be at our offices by 5.00pm, Friday, 11 November 2011
Shortlisted Applicants will need to attend an Interview on
Thursday 8 or Friday 9 December 2011.

Please send your completed application form and supporting documentation to:
